

**MARINEDDA THALASSO & SPA 5\***  
Emerald Coast – SARDINIA Region

**Location**

A voyage over an emerald sea, past characteristic coves and beaches of snow white sand ... this is Sardinia, an island that strikes its visitors with natural contrasts, the lights and colors of a region that boasts old traditions and a wild and pure nature.

Situated in the middle of the Mediterranean Sea, Sardinia is a mainly mountainous region, without high peaks, with a vast and charming, yet bittersweet, natural environment. In fact, the presence of man does not seem to affect this territory; great surfaces still preserve their natural composition, luxuriant woods with even millenary trees, small desert areas and marshes inhabited by deer, wild horses and rapacious birds.

The sea reigns over this region with its colors that migrate into the coves, along the coasts, towards the beaches and the most popular resorts. An example is the Costa Smeralda (Emerald Coast) with Porto Cervo set as its gemstone and uniting the history and culture of ancient traditions with a joyful and colourful nightlife. Porto Cervo was named after its enchanting cove that resembles the antlers of a deer; the Old Port is considered the best-equipped touristic port in the Mediterranean Sea. Porto Rotondo is also a famous location; it overlooks the wide Gulf of Cugnana and is full of villas and piazzas swathed by such a splendid natural environment as this.
