

BAGLIO ONETO LUXURY WINE RESORT

Marsala – SICILY Region

Location

Sicily is the biggest island in Italy and in the Mediterranean Sea, an amazing land rich in history and traditions, where art and culture intertwine with wonderful natural beauties. From the sea to the mountains and countryside, from the volcanos to the fishing villages, there are really many reasons why to visit Sicily. As Frederick II, King of Sicily, once said: "I don't envy God's paradise, because I'm well satisfied to live in Sicily". In the list of the Unesco's World Heritage sites there are seven Sicilian places: in addition to the Baroque cities Noto, Modica and Ragusa, the Aeolian Islands, the Valley of the Temples in Agrigento and Syracuse with the rock-cut Necropolis of Pantalica, this prestigious award was obtained also by mount Etna – being one of the most symbolic and active volcanos in the world -, the Villa Romana del Casale, in Piazza Armerina, e il Arab-Norman Palermo and the Cathedral churches of Cefalù and Monreale, an itinerary through the Norman-Arab history of great artistic value. All ingredients of a perfect vacations melt here in Sicily: millenary traditions, amazing food and celebrated wines, outstanding and very well preserved Phoenicians, Greek and Roman archaeological sites, warm hospitality, breath taking natural scenarios (the biggest European active Volcano, again volcanic archipelago, turquoise waters, white sand beaches, valleys and borgos, open air museums cities and so on), incredible monuments of all ages, true Italian lifestyle and a mild climate all over the year. There is no reason to postpone a trip to Sicily, an entire world concentrated in one region.

The part of western coast where Baglio Oneto stands, has been a Phoenician colony until Romans defeated them and destroyed the cities. In this area there are many archaeological sites and an ancient production of wine (the famous Marsala wine) and salt. Is an unmissable experience to visit "saline" the place where still nowadays as centuries ago marine salt is produced.

Property

In the most scenic spot on the coast of western Sicily, rich with history and legends, among the green olive groves and vineyards, sweet mulberry trees, and sun-ripened prickly pears, lies an enchanted place, suspended in time.

Ancient stories and a feeling of elegant comfort meet within the walls of Baglio Oneto dei Principi di San Lorenzo - LUXURY WINE RESORT, original home to one of Italy's noblest families.

From the top of this panoramic hill, the sunsets will leave you at a loss for words, your senses overtaken by Sicilian scents, flavors, and hints of ancient memory. The view from the Baglio Oneto dei Principi di San Lorenzo is one of exceptional beauty: with a single glance you breathe in the essence of western Sicily, and beyond. Across the horizon are the historic areas of Marsala, the Riserva dello Stagnone, the beautiful Egadi islands and the ancient town of Erice.

A harmonious shadow dance on the sea.

We absolutely recommend a visit to Baglio Oneto Wine Cellar which includes 4 wine tasting combined with typical products and the tasting of our extra virgin olive oil. In these moments our guests can enjoy the fascinating history of Baglio Oneto and of the Marsala wine. At "La Calandra" restaurant you enjoy the Italian, Sicilian and typical Mediterranean diet dishes that show you the concept of "gourmet philosophy cooking": a genuine and fulfilling culinary experience, perfect for any taste. The aromatic herbs that grow on the surrounding land of Baglio Oneto give the dishes that we make an ancient and traditional Sicilian taste and smell. One of our favorite quotes is: "A day without wine is a day without sun!". Our wine list offers you a wide and carefully selected list of the best Italian and locally produced wines, among which you can also find the Baglio Oneto personal production. The restaurant's interior features a hut roof and entrances made of local stones that remind us of the past, in a place where bread and pasta were once made. During spring and summertime, it is possible to enjoy lunch on the "Terrazza di Venere" that overlooks the sea, islands and famous Mount Erice. Dinner is served in the Giardino della Corte Storica, where a particular feature of the

original water well is present, a very unique piece, known as the heart of the ancient Baglio you will be enchanted by a very romantic and intimate atmosphere.
